

47 students from 1º, 2º, 3º and 4º ESO took part in "The Big Challenge", a European competition of English, and all of them got presents for their participation. Every student received a magazine and a Diploma and many of them got more important prizes like diaries, DVDs, posters, flags, reading books...etc.

There were two special prizes this year: A decorated mug for Javier Iborra from 3º ESO and a golden medal and a booklet for Antonio Cueto, from 2º B because of his exceptional results in the contest.

Congratulations!!
